

Who are we?

4MOD TECHNOLOGY

Laurent STEPHAN

Our IoT expert, mastering the process from conceptualisation to manufacturing!

The 4MOD logo is a dark grey octagon with the word "4MOD" in a bold, red, lowercase sans-serif font.

THIERRY JAHIER

With a long-standing experience at EDF, Thierry is our e-mobility specialist!

Sparklin doesn't only get its strength from its expertise but from the alliance between our trio of sharp and complementary entrepreneurs.

EMBLOCK

Romain MENETRIER

The Blockchain Masters? It's them!

sparklin

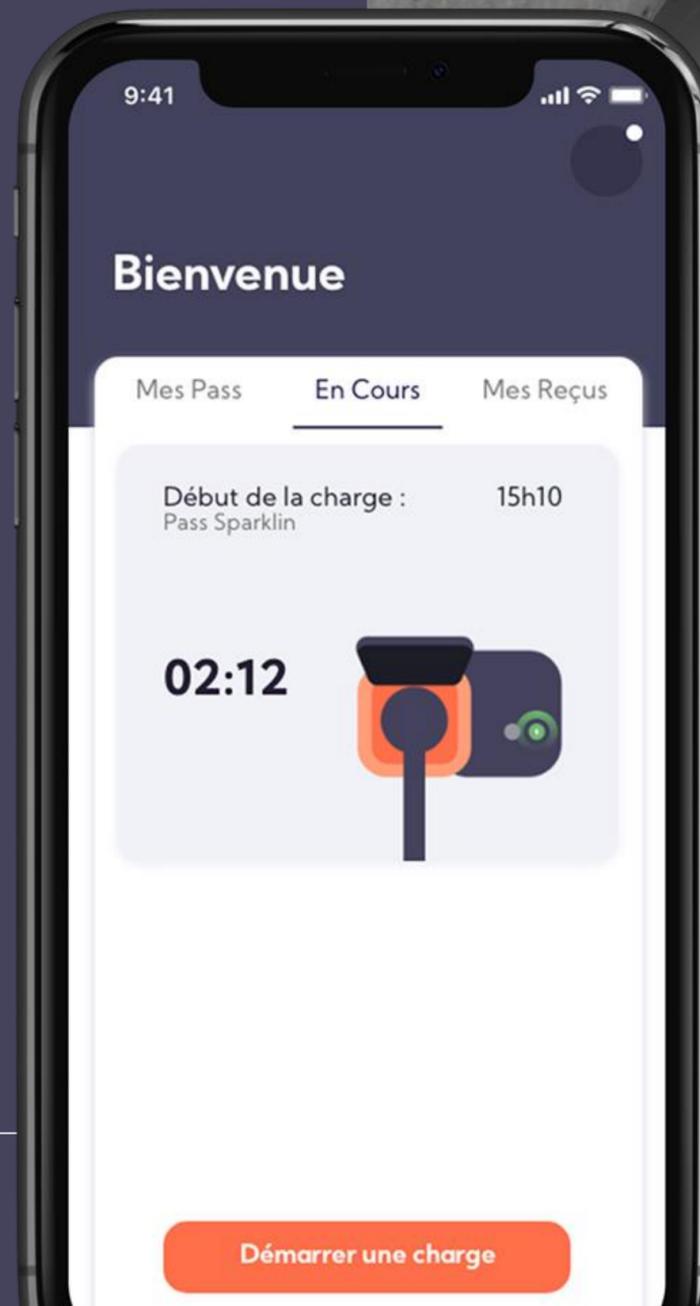

Our product is at the service of electric vehicles safe charging

The smartplug only delivers electricity once the user is identified by the service provider.

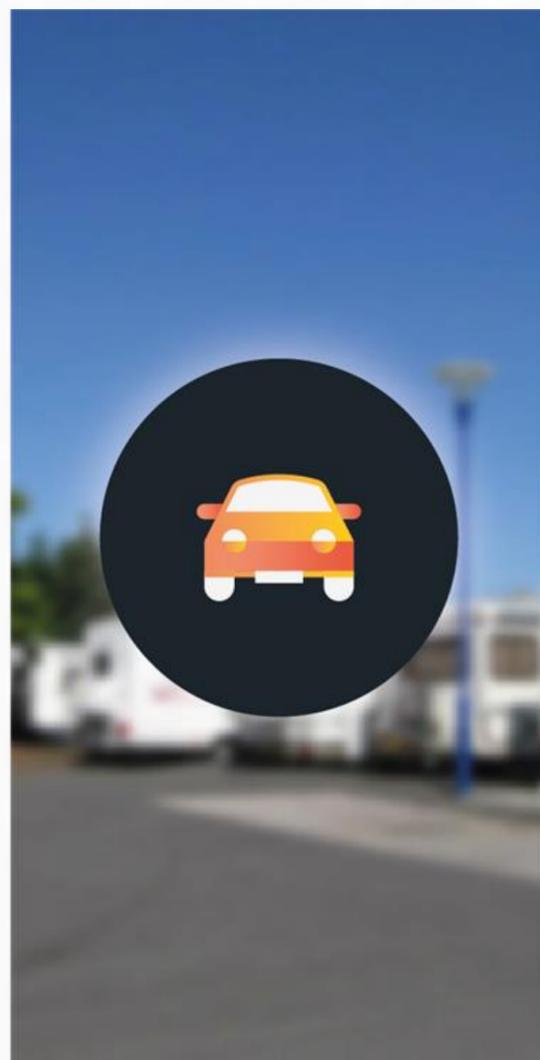

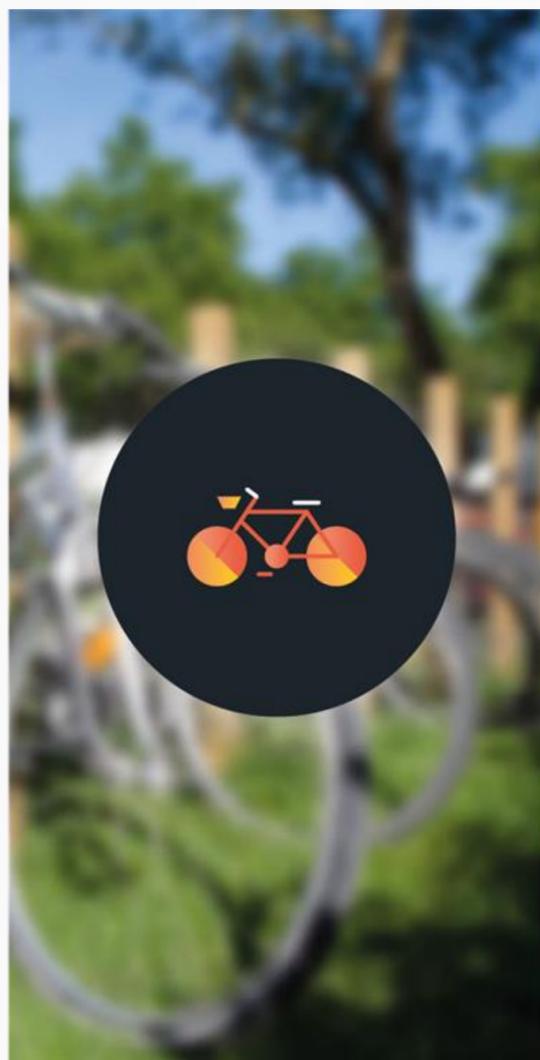

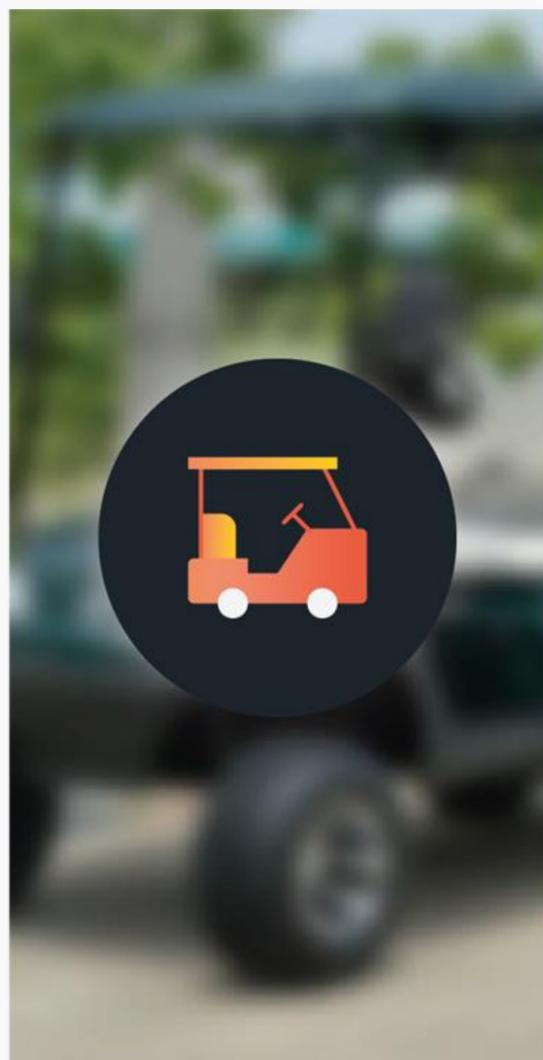

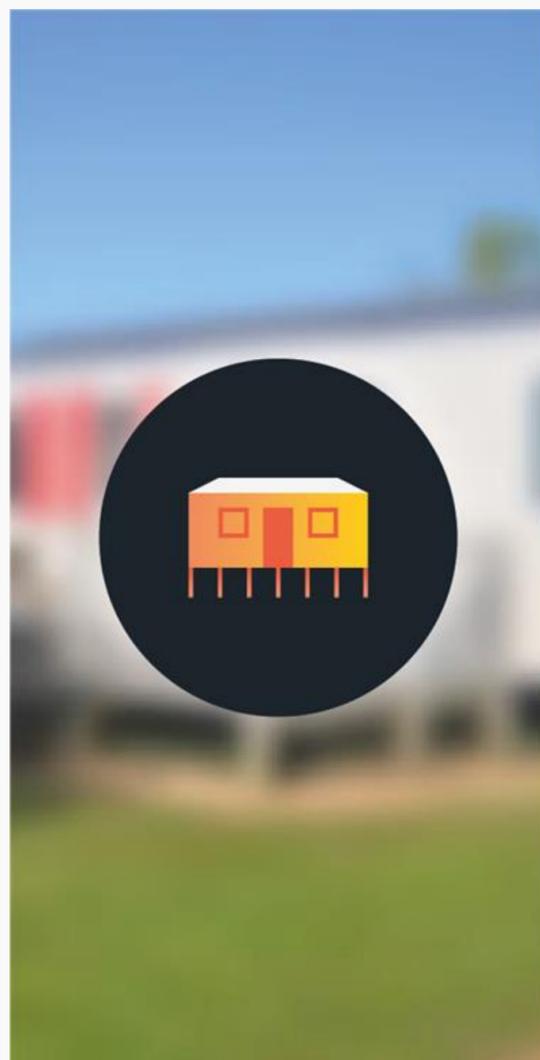

The identification allows the refund of the transaction to be set up.

sparklin

Our target

Shared parking lots

Residence,
Group housing,
Company's parking lot,
At the employee's house for
the business fleet,
Seasonal rent,
Camping,
Hotel,
Performance hall,
Public parking lot,
Private parking lot,
Parking lot near a public
transport station,
Supermarket,
Restaurant...

It's just a beginning!

A complete ecosystem

Sparklin App

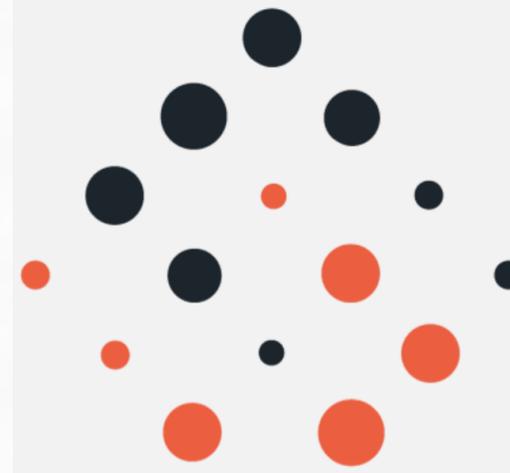

Sparklin Manager

Spark 1

Sparklin Chain

Spark 1 only delivers electricity once the user is identified and authorised by the service provider.

The identification allows to set up the transaction refunding.

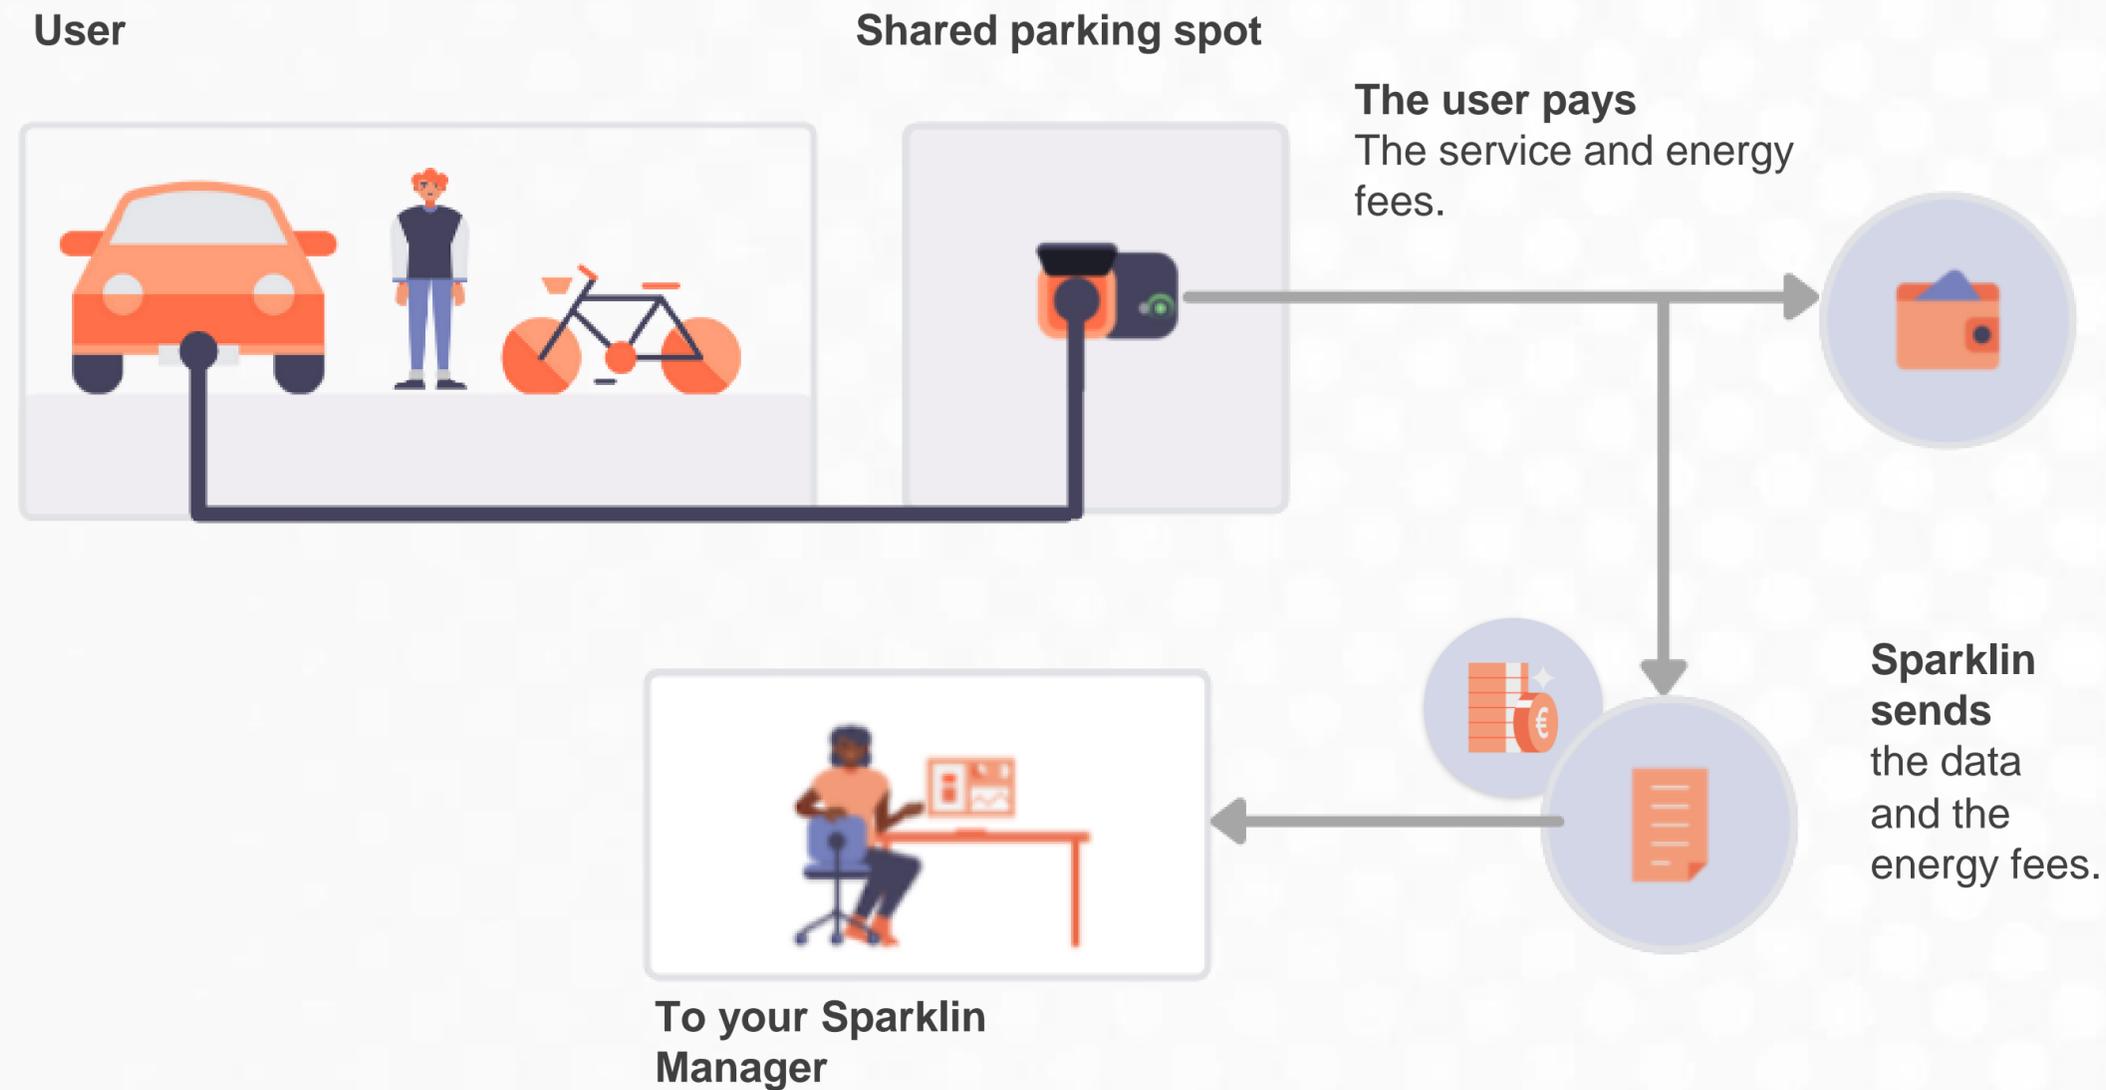

Pay By Phone

PAUL, MANAGING A GOLF

10 parking spaces

“We are not willing to complicate our offer. Our clients can pay by phone thanks to our integrated wallet”

Subscription

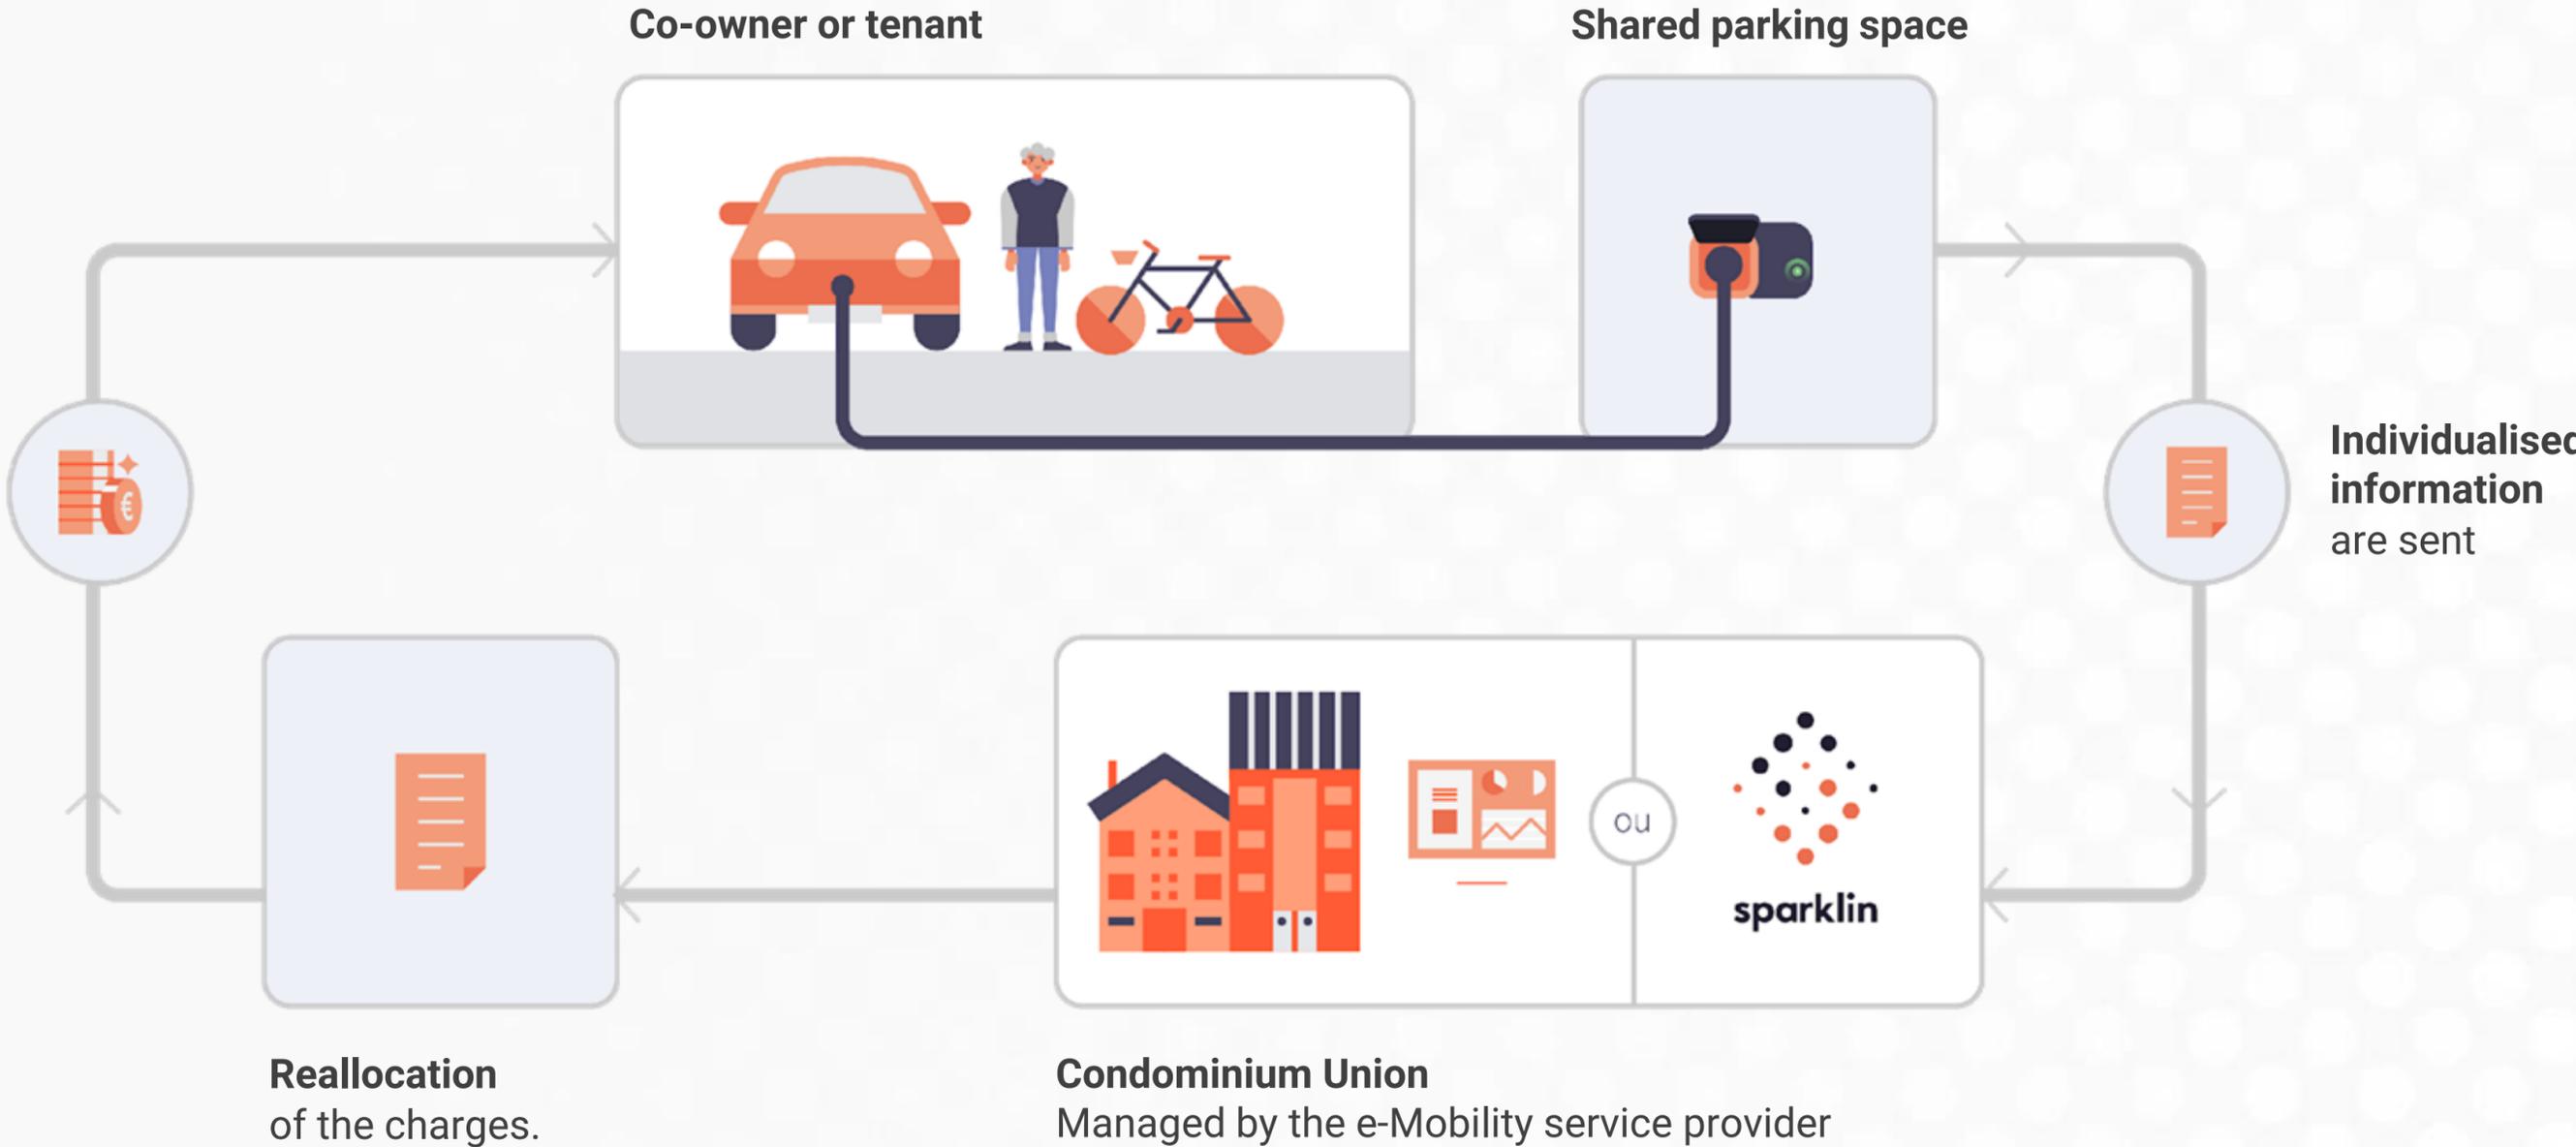

Condominium union

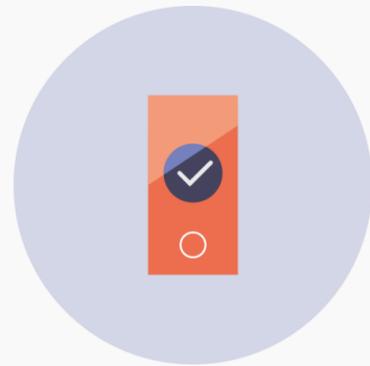

10 parking spaces

“We offer the use and we want to manage the service. It’s important for us to stay close to the end-user.”

sparklin

Why should you get a Spark 1 ?

Easy

- You just have to log in on the app!

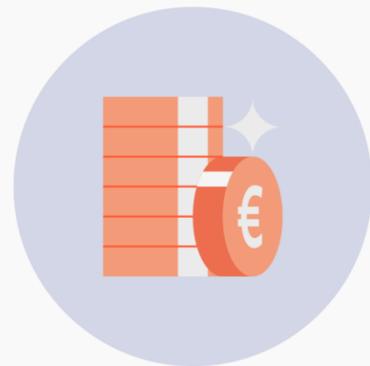

Secured

- All the data is anonymously registered in the blockchain which prevents unauthorised people to use your plug and electricity.

Robust

- Certified IK08 and IP66. The plug is waterproof and shock resistant.

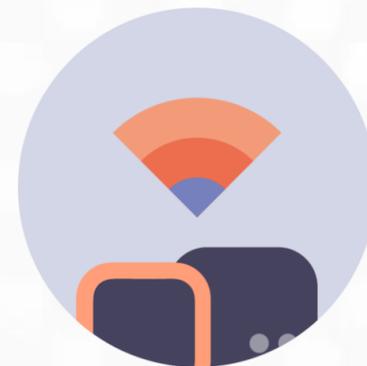

Economical

- We want both our product and services to be affordable for everyone.

It fits all

- For your e-bike on the sunny days and you electric vehicle on the rainy ones.

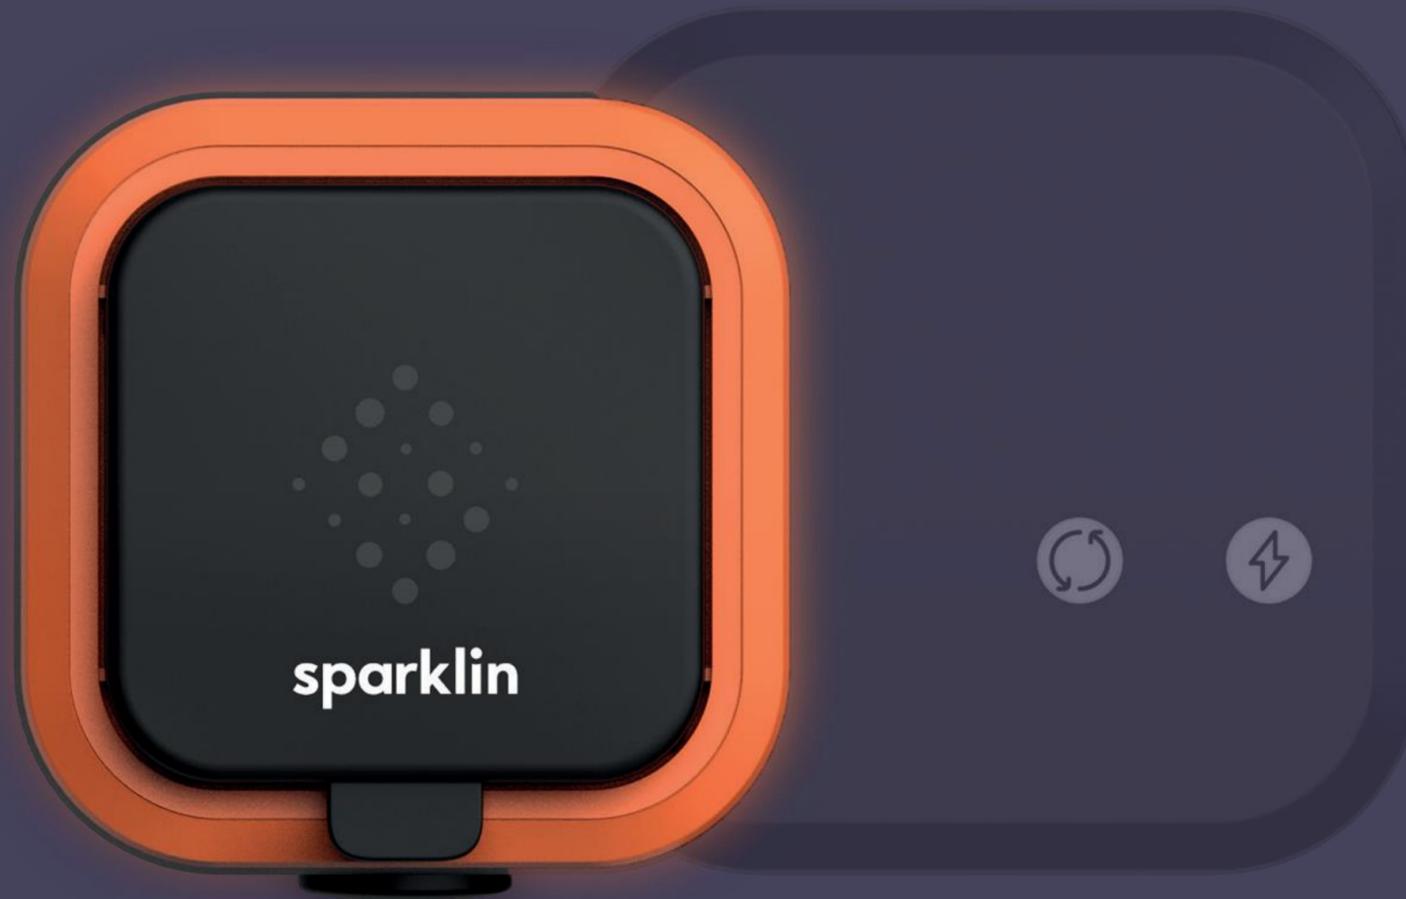

Connected

- Bluetooth Low Energy, WiFi, 4G

Spark 1

Is the alliance of electricity...

Spark 1

.... and connectivity

Spark 1

Its assets

REINFORCED SOCKET

- Single phase socket, 220V / 16A strengthened socket outlet 2P+T (mode 3 socket). NF certified 3x4 mm² Protection with an RCBO.

SLOW-CHARGING

- 16A, 3.7 kW, around 8h to charge a 22kW battery.

CONNEXION BLUETOOTH LOW ENERGY

- For the connection with the Sparklin app.

A SMARTPHONE APP FOR INSTALLERS AND ELECTRICIANS

Installation
Commissioning
After-sales services

IP 66 HOUSING & IK08 SURFACE MOUNTING

- Our housing is waterproof and highly resistant.
